	<input type="checkbox"/> Individual – vs. – Technology
	<input type="checkbox"/> Individual – vs. – Supernatural

Movie Title:

Complete a Story Map for your project so you have an idea of the basic elements needed for your production. After you have completed your Story Map write a short synopsis of your story. Your synopsis should be an overview of the story and should not contain a great deal of detail (that will come later). Limit your synopsis to no more than 400 words.

Submit this form, your story map and your synopsis to the President of the production studio.
